Cytokine Release Syndrome in Children - 3.0

Cytokine Release Syndrome (CRS) presents unique challenges, especially in pediatrics, where managing this condition requires interdisciplinary expertise. Cytokine Release Syndrome 3.0 provides a platform for healthcare professionals to explore advancements, discuss innovative solutions, and share best practices for CRS diagnosis and management.

This event combines an engaging workshop and a two-day virtual conference designed to equip participants with practical knowledge and insights from global experts.

EVENT HIGHLIGHTS
